* The end of the first semester may be adjusted, based upon the need to cancel school.

**This calendar provides for up to five cancellations during the year. Each day so canceled will be deducted from the days included in the planned calendar as indicated above. Also, for each of the five cancellations not used, the final day of school will be a day earlier.

Should it become necessary to cancel more than five school days, any days in excess of five will be made up by adding days to the end of this school year. If the school year, as projected, is not able to be completed by June 30, extra days will be made up during the April vacation. Thus, days would be made up as follows:

One day	April 23	Three days	April 23, 22, and 21
Two days	April 23 and 22	Four days	April 23, 22, 21, and 20
